

# SciencesPo

The background of the page is a collage of images from SciencesPo. It features a modern building with large glass windows on the left, a traditional stone building with arched windows on the right, and a courtyard with greenery and people sitting on concrete steps in the foreground. The images are separated by white diagonal lines.

# **CAREER FAIR**

**Rates and terms of participation**

**Sciences Po will be opening the doors of its campus located in the heart of the Saint-Germain des Près neighborhood.**

On Friday September 29th, meet and recruit our talented pool of students in their daily environment.

We are pleased to offer participants a customizable booth located in one of the many different areas of the venue (cloister, aisles, classrooms and conference rooms, private lounges, cafeteria...). Thanks to this location, participants benefit from a high visibility with our students and stakeholders such as our teachers, professors/researchers, career services, Alumni, corporate relations & partners....

On October 3 & 4, extend the experience on Seekube and meet even more students and graduates throughout France and the world.
