# MIXED YEAR

## BENEFITS OF A SEMESTER-LONG INTERNSHIP EXPERIENCE ABROAD :

- Develop international working skills to strengthen your professional profile
- Explore new horizons and enjoy the flexibility to combine two different destinations
- Test different career paths and refine your Master's choices

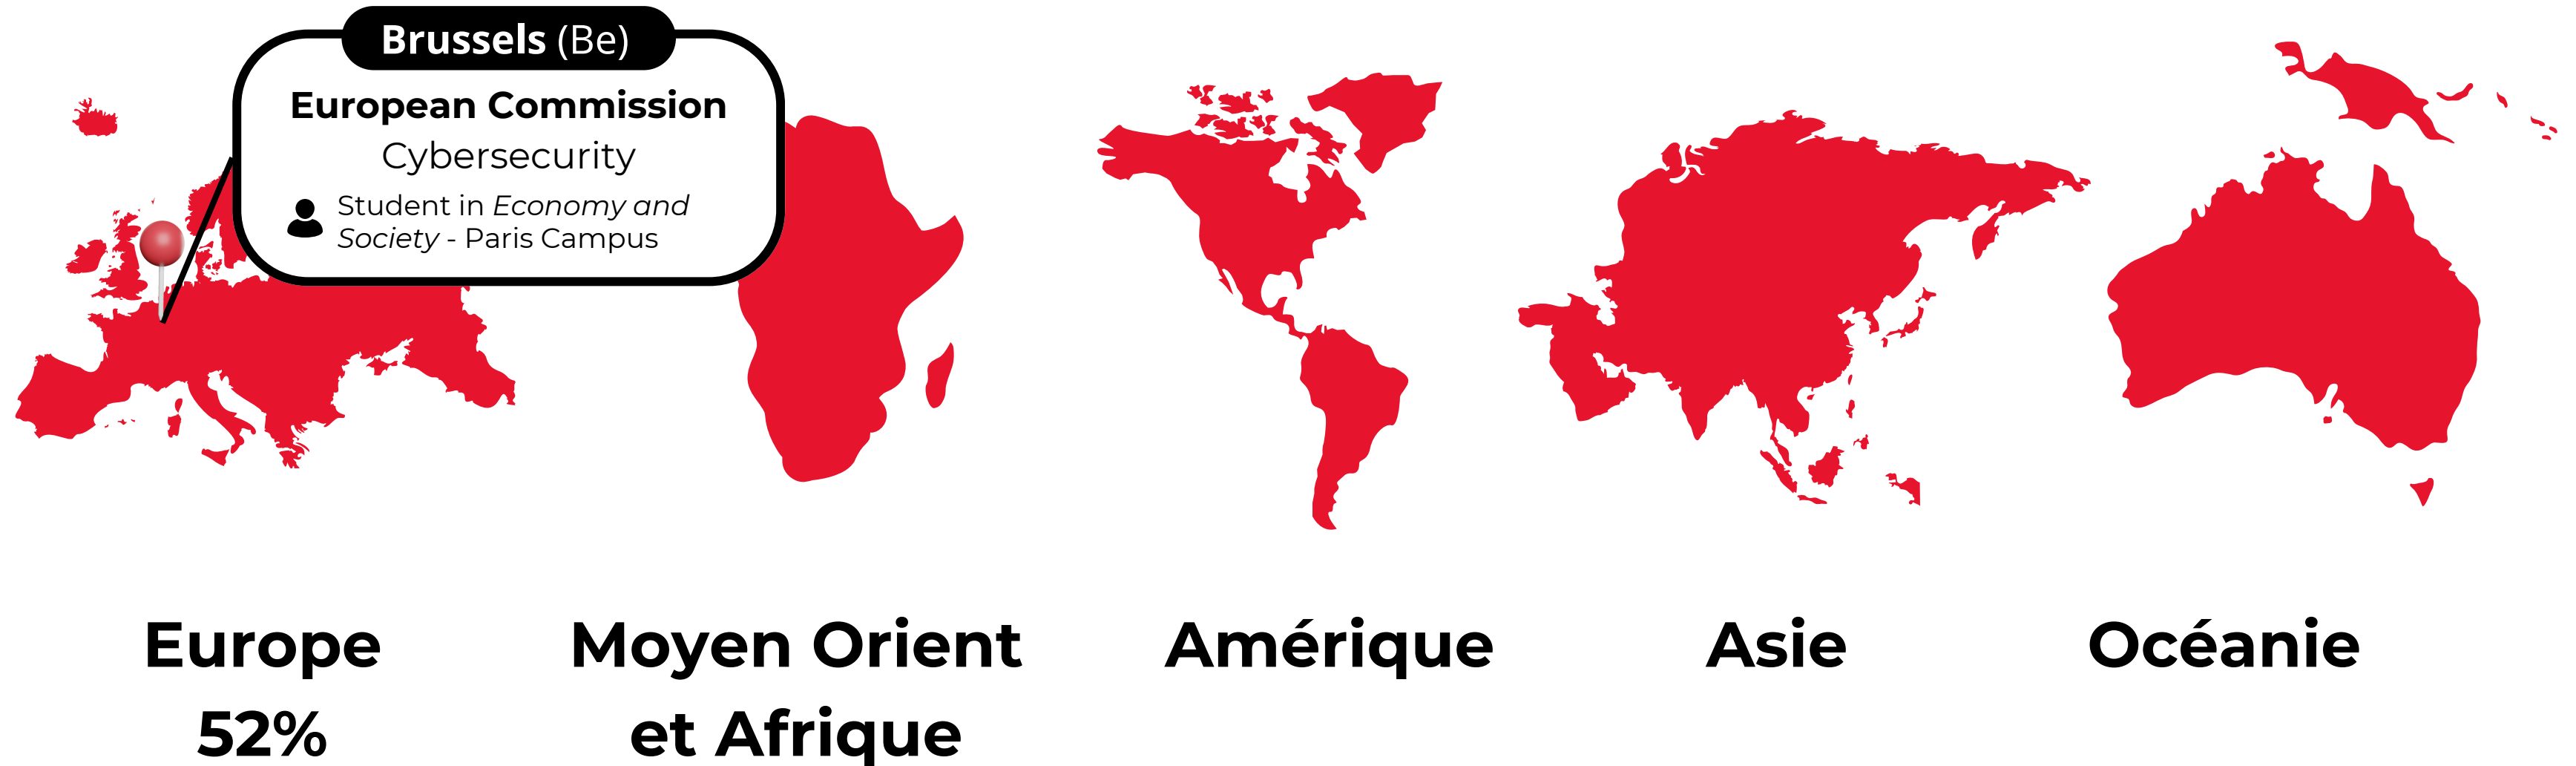

## KEY POINTS :

- One semester of studies plus one semester of internship abroad
- Internship timing depends on your semester at a partner university and can be during either the 1st or 2nd semester.
- Requirement of a minimum of four consecutive months full-time at a single organization outside France.
- The internship can be in a different country from your exchange semester, regardless of your campus or major.
